SELECT THE DOOR THAT IS RIGHT FOR YOU

MOLDED DOORS

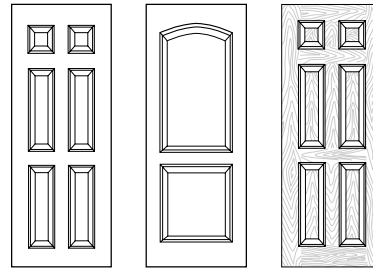

Molded doors are made from engineered wood to provide the beauty of a wood door at a greater value. These doors are available with a wood grain texture or smooth surface in ten designs. They add style and warmth to your home, while resisting shrinking, swelling, cracking and joint separation.

WOOD DOORS

Wood doors feature old-fashioned craftsmanship and the beauty of solid wood. Available in a range of heights and widths, CraftMaster wood doors are available in 1-3/8" thickness and in a variety of wood species and panel designs. Covered by a 2-year warranty.

SPECIFY THE DOOR THAT MAKES THE GRADE

- Tested for water resistance, adhesion and overall durability to ensure product quality
- CraftMaster doors can be specified in 1 3/8" and 1 3/4" thicknesses
- All 1 3/4" thick CraftMaster doors can be manufactured to meet 20-, 45- and 60-minute fire ratings as per Warnock Hersey specifications

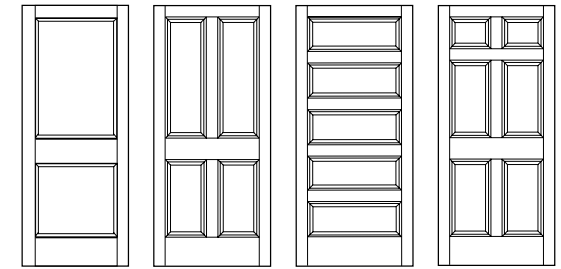

MAKE A SOLID CHOICE

- For the heft and sound-deadening properties of solid wood, specify solid core construction

EASY ON THE OUTSIDE

By-products from sawmill operations are used to convert wood chip waste into a design of true beauty.

WOODGRAIN WOOD DOORS

Woodgrain doors are available in a variety of wood species. The raised panel profiles offer added dimension to complement a wide range of home designs.

KIND TO THE ENVIRONMENT

Woodgrain Millwork has a long history of achieving high environmental standards for product sourcing and manufacturing. All wood used in the manufacture of Woodgrain doors is obtained from renewable resources.
